Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Alexander the Great It is difficult to realize that the earth on which Alexander the Great was born was the same in its main outlines as the earth on which we stand to-day, and at the same time to realize how very different from our present knowledge were men s ideas then of its area. Even modern writers picture Alexander as primitive in his notions, and it will be interesting to remember, when we find him anxious to press ever farther and farther east and south, that the philosophers of his time, especially his great teacher Aristotle, had just announced new arguments to prove that the earth was spherical in form. They ventured far in search of the rich merchandise which they brought back to their cities of Tyre and Sidon on the coast of Syria, to Carthage on the north coast of Africa, and to their other settlements at all quarters of the Mediterranean. They are believed to have learned the alphabet and other arts from their customers the Egyptians, and to have been the teachers of the Greeks in these matters.
