

Implementation of the AASHTO Pavement Design Procedures

Filesize: 5.78 MB

Reviews

I actually began looking over this ebook. I could possibly comprehend everything using this published publication. You won't feel monotony at any time of your time (that's what catalogues are for regarding if you request me).

(Arnold Nienow)

IMPLEMENTATION OF THE AASHTO PAVEMENT DESIGN PROCEDURES

LAP Lambert Academic Publishing Sep 2012, 2012. Taschenbuch. Book Condition: Neu. 220x150x3 mm. This item is printed on demand - Print on Demand Neuware - In this project, the original American Association of state Highways Officials (AASHO) Road Test which is the basis of AASHO Interim Design Guide, 1961, is reviewed. All the research methodologies and findings of the road test and the design input parameters have been discussed in brief. The main body of the project is the implementation of empirical pavement design procedures for the flexible as well as rigid pavement by American Association of state Highways and Transportation Officials (AASHTO) in to two MATLAB modules. The outputs of the program i.e. the thicknesses for the different layers are calculated based on the different set of design input parameters. These outputs are validated against manual calculations based on the original AASHTO design equations and nomographs. The use of this tool can be of great help in avoiding inconsistency which results from using nomographs. 56 pp. Englisch.
