

## Moral Combat - A History Of World War II

By BURLEIGH, Michael

U.K / Harper Press, 2010. Hardcover. Book Condition: New. From pre-eminent historian Michael Burleigh comes an examination of the Second World War. Literature on the Second World War is voluminous. In this book the author achieves what few historians can claim to have done; by exploring the moral sentiment of entire societies and their leaders, and how this changed under the impact of total war, he presents readers with an entirely fresh perspective of this conflict. Opening with the 'predators' - Mussolini, Hitler, Prince Hirohito of Japan - and moving onto appeasement (a popular policy or a 'wrong' policy?), the rape of Poland, Barbarossa, the role of Churchill, and the Holocaust, Burleigh analyses the moral dimension of the Second World War's most important moments. He also examines the moral reasoning of individuals who had to make choices under circumstances difficult to imagine. Stressing the maxim that the past is used to make sense of the present world we live in, he takes us right up to today's war on terror - a war of competing ideas. Illustrated with photos & maps. A 1st edition hardback with its dustjacket in new condition. (650 pages & 21 pages of introduction & 16...
