Never Look Your Age. Published by Times Square Press. New York. The Anunnaki's primordial interaction with the early human beings in Phoenicia, Mesopotamia and Sumer created the longevity of many kings in the Near/Middle East, as well as the Biblical Patriarchs. If longevity enables us to live many long years but also allows our body to age, then longevity is worthless said Ulema Wu Lin. And he added: We should live many many years, but we should stay and look young, not older than 37, otherwise no reason to live longer just to get older, and ending up losing our youth. We have to stay as young as possible, and look as young as possible. Is it possible? The Ulema said yes. Some of their Kira ats will show us how to stay young and look 37 for the rest of our life!.
