Createspace, United States, 2015. Paperback. Book Condition: New. Large Print. 229 x 152 mm. Language: Portuguese . Brand New Book ***** Print on Demand *****.A etica (assim como a estetica, a logica, a epistemologia ou teoria do conhecimento, os fundamentos do poder politico, a filosofia da ciencia, etc.) e uma das areas ou campos de estudo da Filosofia. Questoes tais como 1- O que devo fazer? 2- Como devo ser? 3- Como devo agir e/ou me comportar em determinado espaco-tempo e/ou diante de determinada situacao?, sao, por assim dizer, de naturezas praticas, e, portando, tambem comportamentais, o que nao quer dizer irreflexivas, ou seja, pautadas numa obediencia cega as normas, sejam elas morais, culturais ou juridicas. Na unidade I, discorreremos sobre a etica em seus aspectos fundamentais; na unidade II, sobre os processos de inversao do sentido etico que se deram com o desenvolvimento das ciencias e/ou do saber cientifico, atrelados estes ao desenvolvimento do capitalismo, culminando-se numa mudanca radical de principios e valores; na III, complementando a Unidade II, abordaremos a tematica da transgressao social que, nas sociedades capitalistas ocidentais pos-modernas, tornaram-se valores cultivados pela maioria dos cidadaos, seguindo-se o exemplo da corrupcao que tem se dado nas esferas Estatais. Na IV, que e a do epilogo, seguiremos dialogando sobre a filosofia, sobre a sua importancia e tambem sobre a funcao social do filosofo no alvorecer do presente seculo. Esperamos que, esse livro, assim como todas as obras do autor, possa contribuir a formacao de uma geracao mais humanizada, mais etica, mais fraterna, mais respeitosa das diferencas e, na mesma via, mais emancipada intelectualmente.
