Transformational leadership is leadership intent on building commitment to organizational objectives and then empowering followers to accomplish these. Servant leadership is generally Christian based and focuses on how leaders lead by serving individuals. The two seem divergent and unconnected but in reality hold great potential as a comprehensive and effective method of leadership. The Transformational Servant Leader describes how today s Christian leader can utilize the best characteristics of both and join them together in a unified and comprehensive whole. The Transformational Christian Leader will not only be an effective leader of groups and organizations but of individuals as well.
